## Remnant Rising on the Eastern Shore Mission Statement

**Remnant Rising on the Eastern Shore** is a diverse and growing group of local believers committed to bringing cutting-edge Christian leaders into our region to train, encourage, and empower the local body of Christ, regardless of Church affiliation. Our purpose is to promote unity of Spirit across church walls, to better connect scattered members of His Body, and to help prepare individuals to competently and courageously advance the work of Christ's kingdom.
