

EKKLESIA DIRECTORY – Updated December 15, 2022

(from Wanda Alger's Telegram post, October 21, 2022)

On October 21, 2022, I posted this question to my Telegram followers:

Given the fact that many are struggling to find a viable church close to home, how about giving a shout out to the churches that are breathing life. If you attend a church that's alive and well, share the name with the city and state. You never know the connections that might be made!

I received over 800 responses! One of my followers (Thank you Dale H!) graciously put together this listing of the churches mentioned. Please note: THIS IS NOT AN ENDORSEMENT of these churches as they have not been “vetted” or “approved.” These are simply the churches that various followers have recommended as “breathing life” and I pass them on as a *starting point* if you are seeking a church.
