WANDA ALGER

This is a wonderful book! Wanda is a clear and compelling communicator. The set-up presented in the introduction excellently highlights the value of prophecy, encouraging others to earnestly desire this priceless gift! The chapters are wisely formatted with a summary of the context of the dream/vision/prophecy, followed by a clear, concise presentation of the revelation, and wrapping up with a targeted prayer. Brilliant! The chapter addressing pastors and church leaders is especially practical and timely in light of the current shakings in the prophetic movement. This book will play a key role in strategic prayer for the nation! Thanks for writing! A true labor of love!

Wanda Alger has given the nation a profound and necessary gift. In this book, her prophetic voice cuts through the noise of the day, offering prayerful insight that is both powerful and timely. The prayers are not merely words on a page, but a compassionate blueprint for intercession, guiding the body of Christ into a deeper spiritual alignment. This is an essential resource for any leader or believer seeking to hear God more clearly for our time.

—**Stephanie McDermott**, International Prayer Leader, Teacher, Florida

I was struck by how much intel and insight the Holy Spirit was giving us the last ten years through Wanda, but at the same time how little of it was heeded by the watchmen. We continued to pray from our own limited, human understanding instead of taking these words into our prayer closets to seek revelation and then pray according to the Holy Spirit's unction. However, it is never too late with God to repent, to grow up, and to commit and re-dedicate ourselves to His divine plan and purpose for America. Words for America's Watchmen is a charge, not just to the watchmen, but to the Church as a whole from the pulpit to the pew.

INTRODUCTION:
THIS IS A RECORD AND A WEAPON!

**This compilation serves as a record
of remembrance to build your faith,
and a spiritual weapon for ongoing prayer.**

The main purpose of this book is to be a written record of the words I have received for this nation as a prophetic voice and leader in the Body of Christ. There are some who question whether God truly speaks prophetically through dreams and visions, and I hope this book will put those doubts to rest. I also hope it will stir up a greater desire within the reader to not only pursue the heart of God in prayer, but “eagerly desire the spiritual gifts” (1 Corinthians 14:1). Lastly, I pray it will empower the prayers of the saints on behalf of this nation to finish what God has started.

I am only one voice and only speak in part, but I want to be faithful for the portion the Lord has granted me. And though I have posted many of these things through the years on my website (wandaalger.me) and social media platforms, they have never been compiled into one resource for further reflection and prayer.

I have reviewed the hundreds of prophetic dreams, visions, and words He has shown me over the past twelve years to find those revelations that are foundational in nature that will last into future generations. Most of the words presented in this book don’t have a time stamp. But the lessons taught within these “parables” live on. They are truths that need to be remembered – and stood upon through ongoing prayer and intercession.

*Where there is no prophetic vision the people cast off restraint,
but blessed is he who keeps the law
(Proverbs 29:18).*

There are some dreams and visions I've recorded that now confirm a foreshadowing of certain key events and specific leaders that have had a profound impact on this nation. To read these now should not only strengthen our faith in the foreknowledge of God, but should stir us in a deeper prophetic perspective of our journey. It is clear that God speaks to us through dreams and visions and is continually calling us to greater discernment, keener insight, and stronger conviction in what we pray.

We are in a spiritual war and, thankfully, our spiritual adversary has lost many battles in this nation over the last number of years. However, he has a habit of slinking away in defeat, only to return with some other plan of destruction. In Luke 4:13, after he lost to Jesus in the wilderness, it says the devil left "until an opportune time." This means if he loses one battle he'll simply regroup for another one, showing up in a different form (or future generation) in hopes of eventually winning. This is why we must be on the alert concerning his schemes so that we can stand fast in God's purposes and complete our mission.

*Put on the whole armor of God, that you may be able
to stand against the schemes of the devil
(Ephesians 6:11).*

Prophetic Insights Through Dreams and Visions

The main part of this book is forty of the most powerful prophetic dreams and visions I have received for this nation. Before I even started to go back and collect these, I sensed there would be forty words that would be key. And that's what happened. Perhaps this is a prompt from the Lord calling attention to how the number "forty" is mentioned in Scripture (Genesis 7:4, Numbers 14:34, Matthew 4:2, Acts 1:3). Not only as a length of time for certain fasts, but alluding to a time frame for major breakthroughs. Perhaps He might call some of you who read this book to consider a forty-day prayer focus for the nation, either individually or with a group of others.

Many of my dreams shine a light on the various schemes of the enemy and particular strongholds in place. When understood in the context of prayer and intercession, it shouldn't be a surprise that the Lord would reveal the hidden plans of the enemy so that we can be on the offensive and not the defensive. Part of the prophetic charge is to recognize and uproot anything that is hindering God's plans and purposes in our lives. In giving us these revelations, the Lord is empowering us to get free from these strangleholds and establish good roots for our future. In many of these dreams He reveals a lifeline and strategy for prayer so that we can be overcomers and victorious in our warfare.

*See, I have set you this day over nations and
over kingdoms, to pluck up and to break down, to destroy
and to overthrow, to build and to plant
(Jeremiah 1:10).*

I also hadn't realized when first starting to write this book that it was about twelve years ago when I started recording the most significant dreams I was getting for the nation (around 2012-2013). This too may be a signal to pay attention, as twelve is a number often referring to government and godly leadership (Genesis 49:28, Matthew 10:1-4, Revelation 21:12-14). As I've said in other writings, I'm not interested in politics. But government is referenced throughout Scripture, as God's Kingdom is established on godly values and principles that effectively govern and lead both people groups and nations.

In addition to the section of dreams and visions, there is also a section including direct words from the Lord that I received in prayer. I don't often "dictate" words from the Lord, but there have been times when His heart and intention have been so strong and clear to me, I know He wants me to write them as if He is speaking directly to the people. I believe these words to be timeless reminders of our destiny as a nation and our call as a people to hold fast to that which He has called us to.

Help for Pastors and Intercessors

I have included two additional sections to help fuel and equip us in our charge. The first is a section for pastors and church leaders. Because the Body of Christ is still struggling to come to terms with our place in the public square and our voice into governmental issues, I have included some scriptural principles and practical recommendations for pastors to consider. It is the pulpits in America that must become the primary purveyors of truth and justice rather than the platforms of the godless. We must learn how to raise our voices so that Kingdom values can be embraced and championed as the strongest values, in order for any people or nation to be great.

Lastly, I have included a section for intercessors. These are words of encouragement, admonition, and directives for those who know they are called as watchmen in this nation. And though all of us are called to pray for our leaders (1 Timothy 2:1-4), there are those who know they have a God-given burden to give additional time, energy, and prayer to stand in the gap. It is for these that I include this section to further fan the flame of intercession.

Stirring Greater Discernment and Inspiring Prayer

As much as possible, I am sharing the words as they were initially published on my website. (Thus, for as long as my website is live, the reader can go back to the original post). In some cases, however, I went back to my dream journal and rewrote it exactly as I received it. I believe this provides greater integrity to the message intended, seeing that in some cases I lacked the foresight needed to interpret it appropriately at the time. I invite the reader to ask the Holy Spirit for additional insight, seeing that some of the “clues” in these dreams and visions may have even more significance now than they did originally. Prayerfully consider how these lessons might be applied in our current context.

Before each word, I am also providing some reflections for better clarity. I want to provide some insight in hindsight. My hope is that in revisiting the past word, we can learn the lesson the Lord intended to convey, and continue to pray into the fulfillment of that word. Even if the circumstances have changed, the Kingdom principle or truth endures, and the Lord wants us to be firmly established in those truths in order to keep what He gives us.

At the end of each word I have included a scripture verse and a short prayer. These are meant to reaffirm the insights gleaned from the word and hopefully spark even more revelation in the days to come.

I hope that *Words For America's Watchmen* might be a source of encouragement for the Body of Christ as well as a tool for powerful and effective intercession for the next generation. I pray that we can celebrate the prophetic gifts and acknowledge God's faithfulness in speaking His Word to us. He both forthtells and foretells His heart and His intentions – if we just listen and obey. May we be faithful to all He has told us. For the honor of Christ, and to the glory of the Father! Amen.

*Open the gates, that the righteous nation
that keeps faith may enter in
(Isaiah 26:2).*

REMEMBER WHO YOU ARE, AMERICA

*For kingship belongs to the Lord,
and He rules over the nations
(Psalm 22:28).*

God is the one Who establishes nations and sets the borders of mankind (Deuteronomy 32:8). He created a wide diversity of humans on the earth for a divine purpose. We are not different people groups simply by random, based on the color of our skin or the country we were born in. We have each been uniquely created and designed by God to reveal His glory on the earth.

Just as every individual has a specific purpose and call, so do nations. I believe every nation has been given the opportunity to reflect something about the nature and character of God to the world. Just as God demonstrated through the nation of Israel, so I believe He delights in seeing every nation being blessed and reflecting His goodness and power.

*And I will make of you a great nation, and I will bless you and make your name great, so that you will be a blessing
(Genesis 12:2).*

So, what is it about the United States of America that draws God's heart and attention? What is it about this nation, in particular, that would serve God's greater purpose? Part of that answer is found in our history. Those who came here at the very beginning were drawn by a call of the Lord. The first pioneers who came to this land dedicated it to the Lord in order to fulfill a mandate from heaven.

When the pilgrims first came to Plymouth in 1620, it was written in the Mayflower Compact that their purpose was "...for the glory of God and advancement of the Christian faith." The Puritans who came to Massachusetts Bay in the 1630's wrote in their charter their call to evangelize. John Winthrop, a notable colonial leader in 1630

used the "city on a hill" imagery to describe the purpose for founding this nation. Numerous other pioneers saw evangelization as integral.

In more recent generations, prophets, evangelists, and influential church leaders have declared that this nation has a unique role to play in world evangelization and being a blessing to other nations. In the 1980's, Derek Prince, a well-loved Bible teacher, stated that America had a special role in world evangelization. He also warned that if the nation ever turned from God, that calling would be forfeited. He felt that America's freedom and resources were given, in part, for the purpose of discipling nations according to Matthew 28:19.

Many mainline denominations and missionary boards through the years have established works here, believing it to be a sending base to the nations. Many believe that God specifically raised up America to declare the Kingdom of God to the world. Because of our vast resources and religious liberties, we were uniquely prepared and positioned to spread the good news across the earth and equip others to disciple nations.

I have personally noted the number of prophetic voices that have been raised up in this nation who have a global impact. With the same passion for declaring the Kingdom of God to the world, God has based many prophets in this nation to sound a trumpet call to other nations. Because of our founding purpose in establishing freedom for all peoples, part of our birthright is championing this freedom for others through the declaration of His Word.

This has been evident in just the past ten years as all the nations of the world have looked to the United States as a key nation in global democracy and freedom. Especially after the 2020 election, many eyes were on the prophets in this nation, looking for direction and hope as powers of darkness were encroaching upon every land and people group. It became clear that this nation held a powerful role in overturning generational bondages in high places of government across the globe.

It also became clear that this was not just a spiritual matter, but a governmental one. Christians were confronted with the power of political figures who could make decisions deciding not only a nation's economy and freedom, but also determining whether people lived or died because of their faith. And though we've seen patterns of political persecution prompting evangelization in times past, there is a growing belief that this may not always be God's first choice. Rather, He delights in seeing every nation established on Truth and the principles of His Kingdom which bring life and liberty to all mankind.

Righteousness exalts a nation, but sin is a reproach to any people
(Proverbs 14:34).

I believe that God desires to use the United States of America as a "city on the hill" to other nations. I believe our call remains the same as the founding fathers. That is to champion Truth, declare His Word, and establish righteous rule, not only in the House of God, but in the highest offices of our land. And I'm not talking about taking over our government. I'm talking about the people of God having such favor and influence in the land that they lead the way in life-giving transformation in every sector of our culture. It is for this reason that we must continue to stand as watchmen over this nation so that our purpose can be fulfilled.

Our spiritual adversary is doing everything possible to circumvent God's purposes and rob us of our inheritance. It is for this reason that we must continue to stand as America's Watchmen over the nation, so that our purpose can be fulfilled.

But the one who endures to the end will be saved. And this gospel of the Kingdom will be proclaimed throughout the whole world as a testimony to all nations, and then the end will come
(Matthew 24:13-14).

Now is not the time to grow weary or be faint of heart. Your spiritual adversary curses you with words to weaken your faith and strip you of the power of Christ. He blinds you to the truth and fixes your gaze on his works of destruction. He's trying to wear you out. But he cannot overcome if you just persist.

For you have been commissioned and appointed for this very hour of deliverance! The nations are looking to you. Do not be silent or hold back. Today is the day to speak, to act, and to rise up and display the sovereign power and authority of the Most High God through your witness and testimony! The Spirit of the Lord God is upon You, America, because the Lord has anointed you to Bring Good News to the poor! He has sent you to bind up those broken by sin, and to Proclaim Liberty to those held captive by deception and lies.

Remember who you are and the purpose you were founded on! He's called you to open the prison doors for those who are trapped, and to proclaim the year of the Lord's favor and the Day of Vengeance of our God. Though the demonic forces are raging, for every attack that comes against you, speak and act in the opposite spirit to nullify and cancel their spells of witchcraft.

Instead of recalling death and decay, declare healing and joy. Instead of feeling faint of heart, release a spirit of praise! Instead of cursing your enemies, heap coals of heaven's fiery presence on their heads! You are destined to be oaks of righteousness, the planting of the Lord, that He may be glorified. You America, have been called to build up the ancient ruins, raise up the former devastations, and repair the ruined cities, the devastations of many generations.

This is your destiny and your mantle of grace. For the Lord loves justice. He hates robbery, theft, and deceitful schemes, and will faithfully give His enemies their recompense. For as the earth brings forth its sprouts, so the Lord God will cause righteousness and praise to sprout up before all the nations!

This is His promise and guarantee as you stand secure in His truth. Your words of life will defeat hell's insolence and deadly decrees, and the armies of heaven will back you up. Be persistent and hold fast. Just as tendons and ligaments must be stretched when exerting muscles, so must your endurance be stretched as He is strengthening your faith. Yield to this stretching and allow Him to increase your capacity to love. For it is His Body and Bride across the earth that will be His reward from this hour of tribulation. Do not give in when the finish line is just ahead!

This is the year of the Lord's favor. He has called You, America, to proclaim it throughout the earth! Prophecy to the nations the goodness and greatness of our God and see how heaven responds! Your faith will be victorious, your reward will be great, and your descendants will inherit the earth. (inspired by Isaiah 61)

DREAMS AND VISIONS

*Prophetic revelations concerning the unseen
spiritual realities and warfare over this nation*

THE FOURTH FALL BRINGS GLORY

March 2, 2015

I knew this dream from 2015 was about our nation and the “rise and fall” we would witness. I knew it was signaling a major shift and turning point for the nation that would forever alter our history. And though it held great promise, I also knew it had some specific “markers” that would have to be met in order to be fulfilled. Ever since, I have watched as various events have unfolded, wondering if they met the criteria of the dream. But even though some of the markers have fit, there has never been a time when all of them made sense. Until September 10, 2025.

A group of us were looking through a doorway trying to rescue a “woman” outside. She seems to be self-destructing. We see her being catapulted into high places only to fall to the ground with a great crash. Fireworks are happening all around her, causing much commotion. We had been pleading for her to stop and come to safety, but to no avail. Some had even run to save her. Three times we see her being catapulted into high places only to fall again. At the fourth fall, we prepare for the worst, believing this is the final fall before the end. However, as I turn and bow my head to prepare, something happens. A huge flash of light and golden fireworks consumes everything. Something miraculous takes place and all is transformed, everything changed. What was supposed to be the final blow turns into the greatest victory.

This dream reveals heaven’s perspective on the spiritual battles we have faced in this nation. Many believers have been watching and praying for America. We have seen her rise and fall through the years and have prayed that she would return to our Christian roots. In an attempt to rescue the nation, some have run for office to try and save the Republic. But though there have been times of reprieve, the principalities aimed at destroying this nation have held on. Even so, their time of reckoning has come.

In the second part of this dream (never published) I walked away from this door of “glory” being escorted by my host. We are both stunned by the outcome and yet overcome with great joy. The atmosphere is charged with joy and light and we begin to see windows everywhere. Windows of all shapes and sizes are popping up and it’s causing everyone to laugh. This breakthrough has released fresh vision and great joy because of the new windows of opportunity now available. Anything is possible!

On September 10 of 2025, Charlie Kirk, founder of Turning Point USA, was assassinated, and the world changed. Murdered in broad daylight while speaking to college students about the truth of the gospel, his life was suddenly taken. Though some have called it a political assassination because of Charlie’s political activism, most have acknowledged him as a Christian martyr because of his bold faith in Jesus Christ. The impact of his death has shaken not only this nation, but the entire globe. Something has shifted in the atmosphere as the masses are being awakened to the power of the gospel with an insatiable hunger for Truth. Something glorious has been unleashed and many believe that things will never be the same.

While processing this with a group of intercessors, it was suggested that “the fourth fall” may not only apply to a particular time of year, but actually reference four significant assassinations that have shocked this nation since the JFK era. It started with JFK, then his brother, RFK, followed by MLK (Martin Luther King Jr), and now Charlie K. Charlie’s assassination would be the fourth nationally recognized freedom fighter in this nation to “fall” since the JFK presidency.

When I heard this, my spirit bore witness. I was reminded of another dream from July 8 of 2021, where the Lord took me to the JFK White House. It was “suspended in time” and indicated that heaven had marked this time as extremely significant for this nation. Appearing as if time stood still, I was shown that something shifted during those years that altered the course of this nation. The message was that God was looking for the opportunity to redeem it.

I believe some major principalities and powers hijacked the People's House during JFK's presidency, and ever since, this nation has seen the rise and fall of many who have tried to save her from the demonic global strongholds. Thus, "the fourth fall" not only indicates that some major principalities and powers have been overturned, but that a new epoch of time has started, ushering in a grace and glory never before seen on such a scale.

At Charlie's memorial service, small fireworks shot up at the front of the stage as part of the event. This is a standard visual effect used in some of TPUSA's events and the team wanted to incorporate it to honor Charlie. Windows of opportunity have opened wide for the harvest to come in as a result of this tragedy. People from every age group, ethnicity, gender, and worldview have opened their hearts and minds to the saving grace of Jesus Christ, expressing their desire to go to church and learn more. Many are truly rejoicing at this unexpected and massive awakening of hearts and revival of souls.

I would suggest that if this dream is truly being fulfilled as the result of September 10, we need to hold fast to our faith and not allow the enemy to pull us back. The Turning Point that everyone is talking about must not turn back! Major spiritual principalities are being overthrown and displaced and we must stand secure in this new epic time of salvation. We must realize the power of our praise and worship. Charlie's Memorial service showcased the celebration that comes when boldly declaring our faith in both Spirit and Truth! We are being given windows of opportunity that are being flung open wide for the Holy Spirit to draw in the lost, heal the broken hearted, and bring home the prodigals. It is truly time to arise and shine, for the Light has come, and the GLORY of the Lord has risen upon us! (Isaiah 60:1)

Having the eyes of your hearts enlightened, that you may know what is the hope to which He has called you, what are the riches of His glorious inheritance in the saints, and what is the immeasurable greatness of His power toward us who believe
(Ephesians 1:18-19).

PRAYER

Father, thank You for watching over this nation and securing her destiny. Thank You for listening to the prayers of the saints and using tragedy for good. We pray for all those impacted by these fallen leaders and release fresh grace on the families and loved ones. Enable us to rightly steward these windows of opportunity with great faith and expectation for the harvest to come. We declare that the principalities and powers that have held this nation hostage are being dismantled and stripped of all their influence and control. May the Church rise up and fill in the gaps to disciple new believers and establish godly roots that will last for generations to come. In Jesus' name. Amen!

We are told to seek the welfare of our cities.

- *But seek the welfare of the city where I have sent you into exile, and pray to the Lord on its behalf, for in its welfare you will find your welfare (Jeremiah 29:7).*

Righteous rulers are key to a city's success.

- *And I will restore your judges as at the first, and your counselors as at the beginning. Afterward you shall be called the city of righteousness, the faithful city (Isaiah 1:26).*

God wants to give us authority in the nations.

- *The one who conquers and who keeps My works until the end, to him I will give authority over the nations, and he will rule them with a rod of iron (Revelation 2:26).*

Nations are a part of our inheritance.

- *Ask of Me, and I will make the nations your heritage, and the ends of the earth your possession. You shall break them with a rod of iron and dash them in pieces like a potter's vessel. Now therefore, O kings, be wise; be warned, O rulers of the earth. Serve the Lord with fear, and rejoice with trembling (Psalm 2:8-10).*

God wants us to take ownership in our nation. Believers in Christ carry the greatest spiritual authority to govern a land and bring blessing and prosperity to its people.

- *The wicked flee when no one pursues, but the righteous are bold as a lion. When a land transgresses, it has many rulers, but with a man of understanding and knowledge, its stability will long continue. A poor man who oppresses the poor is a beating rain that leaves no food. Those who forsake the law praise the wicked, but those who keep the law strive against them. Evil men do not understand justice, but those who seek the Lord understand it completely (Proverbs 28:1-5).*

WHY DO CHURCH LEADERS AVOID INVOLVEMENT IN GOVERNMENTAL AFFAIRS?

They don't understand the relevance.

Until it gets personal, most believers don't consider the impact of our engagement in the public square, the consequences of our vote (or lack thereof), or the subsequent legislation and bills that will directly influence our lives.

First of all, then, I urge that supplications, prayers, intercessions, and thanksgivings be made for all people, for kings and all who are in high positions, that we may lead a peaceful and quiet life, godly and dignified in every way. This is good, and it is pleasing in the sight of God our Savior, who desires all people to be saved and to come to the knowledge of the truth (1 Timothy 2:1-3).

They've been offended by a political leader or party.

Political figures with more abrasive styles or offensive methods of leadership can be huge roadblocks for some pastors to embrace. Personalities often get more attention than platforms. This requires the ability to look past personal styles in order to identify core values and a solid track record of leadership that will signal a qualified leader.

A brother offended is harder to be won than a strong city, And contentions are like the bars of a citadel (Proverbs 18:19).

They don't like conflict.

It takes a mature leader to confront hard issues and lead people into a place of unity amidst a diversity of opinions.

For prior to the coming of certain men from James, he used to eat with the Gentiles; but when they came, he began to withdraw and hold himself aloof, fearing the party of the circumcision (Galatians 2:12).

They lack understanding about the issues.

Many leaders are either uninformed about the issues or simply don't care. Others feel ill-equipped to lead such conversations or deliver practical solutions. This can only change when pastors develop a true

HIS ULTIMATE GOAL: REVEAL HIS GLORY

October 27, 2014

Consider that this word was released before anyone knew who Donald Trump was. During Obama's administration, laws were passed that opened doors to the spiritual adversary, most particularly homosexuality and same-sex marriage. Christians who had supported this man were beginning to second-guess their choice and the Lord was using his tenure to open our eyes. Though many watchmen saw what was happening, it would take years before the Church at large would get a clue about the true state of our union.

Do we understand that the very things that are happening in our country could be the result of our prayers – not an attack against them?

If we are praying for America to “wake up”, why are some praying that the shaking would stop? If we are asking the Lord to expose the darkness, why should we be surprised – or fearful – when the darkness comes out of hiding, even to our own front doors? If we truly understand God's larger redemptive purposes in the shaking, our prayers should reflect the heart of a loving Father. If we can look beyond the immediate crisis and into His eternal plan, we can see how He is at work in very powerful ways.

However, there's a truth that we must be clear on: God's ultimate goal is not our happiness or even our deliverance. His ultimate goal is to REVEAL HIS GLORY. We see this truth demonstrated in the Old Testament story of the Exodus from Egypt. Consider these facts, and interesting parallels to our own nation at this time:

- God's people were in bondage and began to cry out for deliverance.
- God carefully orchestrated and prepared godly leadership to bring them out.

- Things seemed to go from bad to worse for a period of time.
- God chose not to deliver His people immediately....on purpose.
- God not only used the ungodly authority in the land...He hardened it!
- God's people were freed only AFTER He sifted and purified their own hearts and lives of the idolatry and compromise that had infected them.

It has been suggested that every one of the ten plagues that God released upon Egypt corresponded to one of Egypt's “gods.” As a loving, Heavenly Father, God saw the condition of the people's hearts. Their lives had been corrupted by Egypt's influence. He needed to cleanse them of the infectious beliefs and customs they had begun to embrace. Though they were crying out, “Rescue me!”, the Lord was saying, “Believe in Me!” The people were only concerned with getting out. The Lord's concern was getting them free. Through every plague and disaster, He was cleansing and purifying their hearts and beliefs. In so doing, they were not only being prepared physically, but spiritually and mentally, for the freedom that was to come.

But the Lord hardened Pharaoh's heart and He would not listen to Moses and Aaron, just as the Lord had said to Moses (Exodus 9:12 NIV).

Every time Pharaoh said “no,” God had another opportunity to demonstrate to His people just how powerful He was. In every plague, His power overshadowed the principalities and spiritual rulers over that nation. He was showing His people, by example, how His power and love were greater than the foreign gods they had begun to embrace.

Our national gods of greed, power, humanism, and independence are being shattered and exposed for what they are – meaningless counterfeits and corrupted copies of God's intended blessings and rightful inheritance for His sons and daughters. If we can see through eyes of faith, we can see a loving Father Who is disciplining His children for our well-being and for His glory.

God still speaks through prophetic revelation. This compilation of over forty dreams, visions, and words will confirm His foreknowledge as well as His foresight concerning our destiny as a nation. These words will stir up a greater desire to not only pursue the heart of God in prayer, but “eagerly desire the spiritual gifts” (1 Corinthians 14:1). Most importantly, it will empower the prayers of future generations to finish what God has started.

*Where there is no revelation, people cast off restraint;
but blessed is the one who heeds wisdom's instruction
